Vill du läsa mer om en diagnos?
Klicka på diagnosen så länkas du vidare till det kliniska evidensstödet DynaMed eller PubMed

The screenshot shows the DynaMed website interface. On the left is a navigation sidebar with a 'Back to Checklist' link at the top. The sidebar is titled 'Coronavirus' and lists several categories: 'Long COVID / PASC', 'COVID-19', 'Multisystem Inflammatory Syndrome in Children', and 'Multisystem Inflammatory Syndrome in Adults / MIS-A'. Below these are sections for 'Related Content' (with 'DynaMed' selected), 'PubMed', 'General Search', 'What's New', 'Case Reports', 'Images' (with 'Open i' and 'Google Images' options), 'Web Resources' (with 'CINAHL', 'AMED', 'MEDLINE', and 'PsycINFO' options), and 'Guidelines' (with a link to 'Institutions can link to guidelines, protocols, algorithms & orders sets'). The main content area is titled 'DynaMed' and 'COVID-19 (Novel Coronavirus)'. It features a 'TOPIC' tab and sub-tabs for 'VIDEOS (2)', 'IMAGES (6)', 'UPDATES', and 'ABOUT'. A 'Sections' button is visible. The main text is under the heading 'Overview and Recommendations' and 'Background'. It contains a bulleted list of key facts and clinical features of COVID-19, such as its transmission route, clinical features like infection of cells via ACE2 receptors, and its status as a global pandemic.
